

Letter to Shareholders

To the Shareholders of MainStreetChamber Holdings, Inc,

Thank you for your patience and we are honored by your trust. Our position carries with it the responsibility to report and communicate directly with you through this letter.

Our policy is to treat all shareholders equally and whenever possible, we will release important communications as early as possible to maximize the time for shareholders to absorb any information deemed worthy. In today's globally interconnected world, a company must create value for and be valued by its shareholders in order to deliver long-term value. It is through effective capitalism that capital is efficiently allocated, companies achieve durable profitability, and value is created and sustained over the long-term.

Our first order of business is our name change. Walker Lane Exploration, Inc has officially changed its name to MainStreetChamber Holdings, Inc. (MSCH) with the state of Nevada and is on a quest to acquire a portfolio of small businesses that are looking to expand nationally by helping the masses leave the insecurity of employment for the greener grass of entrepreneurial endeavors.

We want to introduce the Company's Executives starting with CEO, John Bellave. John demonstrates his passion to improve lives by empowering entrepreneurs with innovative products, rewarding business opportunities and a vehicle to achieve success on many levels. John has assembled a seasoned and passionate leadership team that has the entrepreneur's best interest in mind. John realizes that long-term success is directly related to the success of its team. He has surrounded himself with a team of veteran leaders and visionary thinkers poised to take the company to the top of the industry.

Our first acquisition closed on August 31, 2022, with the purchase of Advanced Licensing, LLC (AL). As a result, AL is now a wholly owned subsidiary of MSCH. AL appeals to the entrepreneurial spirit that's alive and well worldwide and has a portfolio of companies that contract with AL for national or international expansion.

Licensing is an alternative to franchising without the exorbitant cost, red tape, and time that it takes to expand. AL is looking for that next company that is doing well in its local market but wants to expand nationally. A lot of times companies just don't know how to go about it. AL takes a client step-by-step through a simple but effective process to expand their business, without the outrageous costs and compliance regulations inherent in franchising or the perils and capital requirements of expanding internally.

MainStreetChamber Holdings, Inc is searching for Main Street companies that are candidates for an acquisition without giving up control and operations of their business. MSCH feels there are many companies out there right now that want to be part of a bigger picture, a brighter future and we feel we can provide that.

MSCH, as a holding company, will not be involved in the operations of their wholly owned subsidiaries and with our low overhead and very high profit business model, we intend to set the table for a safe alternative to investing in cryptocurrency, NFTs or the Wall Street Casino, with an upside potential that is truly unlimited.

The Company financials are being audited and prepared for registration with the Securities Exchange Commission (SEC). The company intends to apply for quotation of its common stock on OTC Pink, with the goal to upgrade to the OTCQB and perhaps eventually one of the major exchanges if we can meet the listing requirements.

As is the case with most public companies, we will not issue paper stock certificates but will issue stock in book entry format maintained by our transfer agent. All current shareholders will receive their stock electronically for ease of deposit into a trading account.

We anticipate future updates to shareholders on a semiannual basis or anytime we feel there's pertinent information to disburse.

We appreciate each and every one of our shareholders and look forward to our future together.

Committed to Our Success,

MainStreetChamber Holdings, Inc
